Dear Steve,

Rotaract club of Moscow-East, the administration and children from Korolev boarding school thank you and OrphanAct for purchasing visual aids for Geography and Russian language classes!

And our special thanks to Rotary club of Irkutsk which was so nice to offer us its bank account. Lida worked very quick and effectively. In the mid January 57500 RUR were transferred from Irkutsk Rotary club bank account to Ltd "Didaktika modul", the company which produces visual aids and equipment. It took 1 month to manufacture the visual aids. In the end of February rotaractors from Rotaract club of Moscow-East went to the boarding school and signed a deed of gift and took pictures of the visual aids and the children.

It was a very good and important educational project! We hope that our cooperation will continue. It was a pleasure to work with you, OrphanAct does great job!

Attached: photos of the children and visual aids.

Yours in Rotary Service,

**President of Rotaract club Moscow-East, 2007-08,
Vera Popova**
